

Sophia Icon Studio

Icon Panel Pricing Guide

This pricing structure is designed to balance:

- Accessibility for smaller devotional panels
- Fair compensation for labor-intensive craftsmanship
- Increased structural complexity on larger panels
- Custom architectural shaping and raised borders
- Traditional finishing methods and archival preparation

Smaller panels remain relatively affordable because they are common entry-level sizes. Larger panels increase in price more aggressively due to additional labor, material cost, handling, risk, drying/storage requirements, and structural considerations. Small, flat panels are available for purchase from our store and shipping costs are included at checkout. All other panels require special order and may include additional shipping charges. Sizes or shapes not listed below may also be available by special order upon request. Timeframe and all costs will be confirmed when requested. Larger panels may require a deposit.

Please contact Christian at christian@sophiaiconstudio.com if you have any questions, or if you would like to place a special order.

Standard Rectangular Panels

Small Panels

Size	Price
5×7	\$30
6×6	\$32
6×8	\$40
6×12	\$55
